

The Perfect side by side Companion

Many families require a companion urn. While these distinctive urns perform well for an individual placement, they are ideal for use as a companion urn. Their shape allows two urns to be placed as companions in a single niche.

Size: 4¹/₄ x 7 x 8³/₄ inches. Two urns fit side by side in most niches currently on the market.

Capacity: 260 cubic inches ~ spacious enough to contain the cremated remains of the largest adult.

Offered in three different materials at several price points, these urns meet the varied needs of all your cremation customers.

POLISHED SHEET BRONZE URNS - Light weight yet made of enduring bronze.

62B Sheet Bronze, Polished and Lacquered

POWDER COAT SHEET STEEL URNS - Economical yet attractive and dignified.

62SB Textured Bronze Powder Coat Steel Urn

62SG Sun Gold Powder Coat Steel Urn

SEAMLESS BRONZE URNS - Beautifully polished solid bronze with the weight and feel of true value. Available as a simple block with unadorned smooth surfaces or with a variety of cast bronze appliques.
